HOW URBAN REALTY CAME TO BE

OUR STORY

When Sunny Parmar, broker and founder of Urban Realty, was a REALTOR® himself, he was constantly searching for a brokerage. He wanted a brokerage that could provide a good source of training and support to help make his real estate business a success.

HENCE IN 2007, SUNNY DECIDED TO ESTABLISH A BROKERAGE WHICH WOULD WORK HARD TO BRIDGE THE GAP BETWEEN AFFORDABILITY AND SUPPORT INSIDE A BRAND BROKERAGE.

Starting with one REALTOR®, now currently with a strong team of over 200 REALTORS®, and still growing, we are one of the largest and fastest growing independent brand brokerages, in Calgary, Alberta.

Urban Realty has shown that we not only save REALTORS® a substantial amount of money but we also give them an opportunity to re-invest the

savings back into their business.

By doing so, our agents can take their business to the next level, without struggling to find it elsewhere or borrowing it.

Urban Realty has proven that we not only train and support our REALTORS® to benefit them and their clients, but we also look after home sellers and buyers.

By offering our agents guarantees and tools specifically designed, we provide you with a piece of mind and confidence you need to complete your real estate transactions.

OUR VALUES

We believe in three core values to drive our brokerage's success:

Transparency, support and community.

OUR SOLUTIONS

We set ourselves apart from the competition by focusing on offering on-going coaching and support, no monthly or desk fees, and having non-competing brokers and managers part of our team.

MORE THAN A BROKERAGE

WHY URBAN REALTY

OUR PROMISE TO YOU

Urban Realty is an organization, which recognizes the dilemma REALTORS® face in their profession, so we offer the best solutions.

We understand REALTORS® have to constantly streamline and upgrade their business strategies to keep their business running profitably while best servicing their clients at the same time.

For this, REALTORS® expect their brokerage to be the primary source of support and training. And rightly so.

We believe a brokerage should always provide several platforms for the REALTORS® to be successful, but at a nominal cost, because...only when **YOU WIN**, then **WE WIN**.

With over 200 REALTORS®, we are proud to be one of the biggest and fastest growing independent BRAND brokerages in Calgary.

Urban has proven that we not only save REALTORS® substantial amount of money but we also give them all the support and coaching they need.

We also give our team REALTORS® an opportunity to exploit our hi-tech systems, created just for them, to grow their business.

We save our REALTORS® thousands of dollars every year in desk fees.

Therefore, they can re-invest this savings back into their business to grow it.

OUR VISION

To be the source for our REALTORS® continued success.

OUR MISSION

To provide our REALTORS® with an environment which will improve their working skills, benefiting them and hence their clients.
